

SUMMER PROGRAM

Society and Culture of Thailand Summer

CHIANG MAI, NORTHERN THAILAND

Spend 4 weeks exploring Chiang Mai this summer!

The Society and Culture of Thailand Summer program is a four-week immersive experience in Chiang Mai, blending classroom study with hands-on learning. Students develop Thai language skills, explore markets, engage with Buddhist monks, and experience traditional arts and cuisine. Weekend homestays provide insight into rural life, while discussions on social change and sustainability offer a deeper understanding of modern Thailand.
